SOURCE COMMENTS: Water supply conditions were: Above normal, Normal, Below normal
 Source 1 springs and Source 2 well are combined and metered together. Sources 1 and 2 are combined and metered together. (1996)

III. WATER USE BREAKDOWN: (Please use sum of readings from individual meters. If quantities are not known, please estimate percentages. See instructions for definition of uses shown in bold.)

Units of Measurement: gallons

Source of data: Meter readings at the source; Meter readings at individual connections; or Estimated

Residential: Annual quantity of water delivered for residential purposes	<u>550,000 gals</u>	Total number of residential connections	_____
Commercial: Annual quantity of water delivered for commercial purposes	<u>6,000,000</u>	Total number of commercial connections	_____
Industrial: Annual quantity of water delivered for industrial purposes	_____	Total number of industrial connections	_____
Institutional: Annual quantity of water delivered for institutional purposes	_____	Total number of institutional connections	_____
Stockwatering: Annual quantity of water delivered for stockwatering purposes	_____	Total number of stockwatering connections	_____
Unmetered: Annual quantity of water delivered by unmetered connections	_____	Total number of unmetered connections	_____
Wholesale: Annual quantity of water delivered to other systems	<u>12,837,000</u>	Please attach a listing of those supplied	<u>Lincoln Bus</u>
Other Uses: Annual quantity of water delivered for other purposes	_____	Total number of other connections	_____

Describe other uses _____

IV. IRRIGATION SYSTEM (Separate lawn and garden irrigation system, whether controlled by the drinking water supplier or not)

Is your area served by a separate irrigation water system? Yes, No. If yes, please provide the following information:

What percent of your customers are served by a separate irrigation system? 50 % The water is delivered 100 % by ditch & _____ % by pressurized system

If system is operated by another entity, please give name of company, contact person & phone number: Neelon Sullivan 435-879-2226 Leeds Water Company

Quantity of water delivered by the irrigation system: Units of measurement: NA

Total water delivered: _____

Estimated acreage served by the irrigation/secondary system: NA acres.
